

## Who is the Deason Law Firm?

When you ask someone in Yuma about where to find help with estate planning, a will, or a trust, you will more than likely hear: go work with Larry Deason and the Deason Law Firm. Although there are many reasons why this response is given, usually it is because of a client's particular experience, relationship, or because our firm has represented a family over the course of many years. But, what exactly does the Deason Law Firm do?

### Estate Planning and Elder Law

At the Deason Law Firm, estate planning is what we do! Regardless of the size of your estate, we handle a variety of legal issues dealing with revocable living trusts, wills, powers of attorney, living wills, cremation directives, and legacy wealth planning.

If a family has a larger estate, advanced estate planning techniques such as Irrevocable Life Insurance Trusts, Dynasty Trusts, and Family Limited Partnership can be implemented. And so, with limited assistance from qualified accountants and financial planners, the Deason Law Firm attorneys are able to achieve results that are beneficial to multiple generations.

In turn, as elder law attorneys, our practice focuses on the myriad of issues surrounding Medicaid and obtaining eligibility. To the extent that our practice includes emergency Medicaid planning, we also handle the interchange between Medicaid and Veterans Administration Aid and Attendance Benefits.

### Death Probate, Trust Administration and Living Probate

Unfortunately, there are times when estate planning has not taken place and someone dies with only a Will. In those instances, we assist families in navigating the laws of probate or intestate administration (if there was no will). If one of our clients passes away with a trust, then we are always ready to guide a successor trustee through a trust administration and the Arizona Trust Code as it was codified in January of 2009. Finally in some cases, the Deason Law Firm is called upon to work with families who need assistance with obtaining a Guardianship or Conservatorship (also called Living Probate) where a loved one failed to adequately plan with a trust and power of attorney.

Although there may be many myths surrounding how estate planning, wills and trust all work, should you have a question regarding any of the above legal topics or issues, then we invite you to contact Larry Deason, Esq., or Robert M. Way, Esq., at (928) 783-4575 to make an appointment.
