A properly drafted estate plan will:

- ✓ Take into consideration disability ... who will manage your affairs for you should you become disabled?
- ✓ Make provisions for special needs heirs.
- ✓ Preserve your estate for your children should your surviving spouse re-marry.
- ✓ Protect your child's inheritance in case their spouse leaves and claims 50% of their share.
- ✓ Create incentives for your children/grandchildren to achieve their potential.

An inadequate estate plan only deals with the following 3 Ds.

- Divide
- Distribute
- Dissipate

Attend our seminar and take a deeper look at the impacts of disability for either spouse and protection for the beneficiaries from divorce, lawsuits, creditor problems, re-marriage and what about mama's pie plate? Take time to learn about estate planning. Call 783-4575 today and reserve your seats. Estate Planning... It's What We Do!

“It is hard to detect good luck - it looks so much like something you’ve earned.” Frank A. Clark

You’ve worked hard your entire life to build a legacy.

At the Deason Law Firm, we believe that proper estate planning does more than just hand over loved ones a pile of cash or other assets. In our experience, our clients have 5 major concerns:

1. Pass on their hard-earned wealth with no court involvement;
2. Avoid unnecessary taxes;
3. Avoid going broke from long-term care expenses;
4. Protect their family and wealth from predators and creditors;
5. Passing on wisdom, values and life lessons to generations that follow.

Don’t rely on luck, be smart and plan. Attend our free estate planning seminar. Call 783-4575 to reserve your seats. Estate Planning... It’s What We Do!
